Conflab Held On Dam In Canyon Tuesday

AMARILLO IS FAVORABLE TO DAM PROJECT

Saunders, Hinton and King Here Tuesday to Discuss Dam With Local Citizens

SURVEY COMPLETED

Dam Would Make Lake of 18,000 Acres, Extending Into Deaf Smith County 7 Miles

Representatives of the Canyon and Amarillo Chambers of Commerce met Tuesday afternoon at the court house to discuss plans for proceeding with the proposed dam on the Tierra Blanca. Engineer E. H. Gohmert has finished the first survey of the proposed site on section 108 and presented it to the group.

According to Mr. Gohmert the dam could be 100 feet high and 1900 feet long. The lake formed could be 5 1/2 miles wide at the maximum and 11 miles long. The lake would cover approximately 18,000 acres and would have a shore line of approximately 35 miles. The lake would extend 11 miles up the Tierra Blanca, 7 miles of which is in Deaf Smith county. The question of financing such a project is the big problem. Either the county or city must sponsor the project in order to secure federal recognition and aid.

Guy Saunders, president of the Amarillo Chamber of Commerce, and Carl Hinton, secretary, were of the opinion that it was possible to interest the government in the site for the dam under the sub-marginal land act, or as a recreational center.

A. A. Meredith and Allen Bell of WPA stated that it might be possible for more details on the cost of the dam to be worked up as a WPA project. So far as the construction of the dam is concerned, it would be impossible to consider the dam as a WPA project owing to the fact that this department (Continued on last page)

Graduate Work Will Be Same, Decided Board

W. T. Will Not Be Affected By Opposition to Work of Education Board

Graduate work will continue in all state colleges in Texas under an agreement reached Saturday in Austin between the State Board of Education and presidents of the various colleges.

This type of work has been challenged by some members of the Board of Education who sought to make the University of Texas and A. & M. College the only graduate schools in the state.

The following agreement was signed by all presidents:

"As presidents of the institutions we represent, we agree that our offerings of graduate instruction should be restricted to courses leading to the master's degree in those fields for which we have a sufficient demand, where the cost is not excessive in comparison with undergraduate instruction and in which we adequately are staffed and have suitable library and laboratory facilities.

"We also approve your suggestion that the University of Texas be made the center of graduate instruction in the State, and that a great graduate school should be developed there, second to none in (Continued on last page)

Legislators To Be Guests In Canyon

Visit Will Be Made To W. T. Campus Next Thursday Evening By Solons

Members of the legislature will be entertained at W. T. on Thursday, Dec. 3rd. Invitations have been sent out to all members of the legislature from Northwest Texas.

This group has been invited to Amarillo for a luncheon with the Rotary Club at noon. Senator Clint C. Small will introduce the visitors and address the Rotarians.

Immediately following the luncheon, the group will come to Canyon where the afternoon will be spent in visiting the various buildings on the campus, and inspecting the many interesting features in connection with the regular work on the campus.

A dinner will be held in the evening for the visitors, followed by a short program.

It is expected that a number of the visitors will prefer to remain in Canyon for the night, and they will be entertained in the homes of citizens.

Entertaining the legislators was made a part of the Chamber of Commerce program several weeks ago, and this organization is co-operating with Dr. J. A. Hill and members of the faculty in making this event a great success.

WPA Extends Project on W. T. Campus

Laundry House, Garage, and Completion of the Stadium Wall Are To Be Projects

Approval has been made on three WPA projects on the campus; the laundry house, the garage for busses and building stone wall to the top of Buffalo Stadium. These projects have been under consideration for some time and are a continuation of work that has been under way on the campus.

This rock work will keep the men busy for several weeks.

W. F. Richards of Pampa has been transferred here as superintendent.

Asphalt for topping the streets on the campus has not been received. Practically enough rock has been crushed to complete the topping as soon as the asphalt arrives.

Madrigal Club To Put on Christmas Program Dec. 13

The College Madrigal Club will give a Christmas concert this year. Heretofore the club has given only a spring concert.

Sunday, Dec. 13th has been chosen as the date. Old Christmas songs, some of them dating back to the sixteenth century will be used for this program. They will be sung unaccompanied, in true madrigal style. The story of the Nativity will be read.

The hour for the concert has not been set, but it will be late in the afternoon, according to director Wallace R. Clark, in order not to interfere with church services.

MISS BRASUEL IS IN CHARGE BANQUET TICKETS

Miss Fannie Sue Brasuel is in charge of banquet ticket sales for the West Texas State Teachers College at the State Teachers Association this week. Misses Ann and Ruth Smith, and Oressa Hastings are assisting her. It is expected that there will be 1500 present at the banquet at which President J. A. Hill will be one of the principal speakers.

Conservation Of Soil

By W. H. Upchurch

Now that all elections are over, and we will not hear speeches about saving the country for a while, let's give a little more thought to something that will really save the country. Let's give some serious thought to saving our soil.

If we save our soil, we save our country. "A nation that destroys its soil destroys itself." The job of saving our soil is one of vital interest to every citizen, whether he is a farmer or not. This job is of interest to the nation as a whole because the government is interested in the future as well as the present. It is of interest to all of us in the Panhandle of Texas for the present, as well as the immediate future, because without some control of soil erosion our crop production is too much of a gamble each year. This year and every year we have the hazard of soil blowing to guard against in most of our farming operations. This hazard is the greater because of the soil that settles on our lands from other farms, often many miles away.

Many fields of wheat that were destroyed last year were started to blowing by the soil from other fields drifting across. For this reason the question of soil erosion by wind or "wind erosion" as it is often called, is not a problem for the individual farmer alone, but one in which the whole community, state and nation is interested.

When an acre of wheat is blown out, there is a greater loss than just so many bushels of wheat destroyed. It means the destruction of the farmers ability to purchase goods the merchant has to sell. It means the blowing out of new furniture, new radios, new supplies, new cars, money for school expenses, money for taxes, and contributes to the curtailment of the general prosperity in the community. In addition to this, each acre of wheat destroyed contributes to the destruction of other acres.

Most farmers in Randall county will agree that they are able to control soil blowing on their own (Continued on last page)

Plainview Drops Plan for Municipal Power Plant

Plainview will not continue the plans of the city commission to erect a municipal power plant, and has signed a new contract with the Texas Utilities Company.

Plainview made application for a PWA loan-grant several months ago. The Texas Utilities Company filed a suit to prohibit this grant, and the suit is now pending in the Supreme Court of the United States.

The city will ask for the suit to be dismissed, and take advantage of the new rates offered by the utilities company.

Cold Wave Brings Cloud Out of North Dust Bowl Monday

Dust was with the citizens of the Panhandle once more Monday, as a stiff norther hit early in the morning. Little dust was stirred up in this section, but the air was filled as the wind swept over the dust bowl of the middle west.

The temperature dropped to 22 degrees above zero Tuesday, and stood at 29 degrees Wednesday morning.

Will Hogg Grant Will Be Placed at W. T. During the Next Few Days

DIRECTORS MEET

Son of Famous Governor Leaves Large Estate to State Colleges of Texas In Will

A check for \$25,000 will be received by the Ex-Student Loan Fund of W. T. in a few days which comes from the estate of Will Hogg.

Will Hogg, oldest son of the late Governor James Hogg, died in 1930, leaving a large estate. In his will, Mr. Hogg made donations to a number of colleges in Texas, including W. T. Owing to the depression, his estate has been held intact waiting the return of more normal times. His brother, Mike Hogg, is administrator and recently notified the colleges that the estate was being liquidated in order to carry out the terms of the will.

Under the terms of the will, directors for this \$25,000 loan fund are: President of the college; Dean of the college; State Senator of the district; president of the Board of Regents; president of the Ex-Students Association; Secretary of the Ex-Students Association; Head of the Education Department.

Senator Clint Small met with the other designated members of the board of directors Monday night and the final papers were signed which were necessary to secure a check from the estate.

Will Hogg was noted for his generosity and sympathy for students during his life-time. He made many large donations to the ex-student loan fund of the university. The terms of his will making donations to other colleges of the state were not generally known (Continued on last page)

Museum Basement Will Be Accepted

Directors Will Visit the Building Next Monday; Cases Will Be Ordered For Exhibits

Contractor C. S. Lambie will turn over to the state next Monday the basement addition to the Museum building. President J. A. Hill states that all directors of the Panhandle-Plains Historical Society will be here to confer regarding the new building. The Board of Regents for Teachers Colleges will be represented by John E. Hill. The Board of Control has designated Dr. Hill to act as representative for this body.

Dr. Hill states that approximately \$4,000 will remain from the \$25,000 appropriation to be used for display cases. While the directors are in session Monday, a requisition to buy cases will be placed with the Board of Control.

When the basement was planned, it was hoped that \$8,000 would be reserved for cases, as there is so much material on hand which is not being displayed in the Museum. Dr. Hill stated yesterday that it would take approximately \$12,000 to buy the necessary cases in which to display all of the valuable materials which have been assembled by the Historical Society.

The basement is connected with the basement of Pioneer Hall, which building was erected when the citizens of the Panhandle raised more than \$30,000 and the legislature appropriated \$25,000 for the erection of the building.

Annual TB Test Among the Dairy Herd Will Start

Town Cows May Be Tested Along With Herds of Dairymen Association Members in County

The testing of cattle for tuberculosis under the Federal Accredited Area plan will be started again in Randall county, Monday, Nov. 30th, according to Dr. J. G. Porter of the Federal Bureau of Animal Industry, who was in the County Agent's office Monday making arrangements for the work to start.

Only about ten per cent of the cattle in the county will be tested at this time if no T. B. is found. This testing will consist mostly of dairy cattle and only a very few range cattle where the disease was found in previous tests.

Those persons living in Canyon who have a family cow may secure a free test by making application at the county agent's office. The work will take about two weeks or a little more. Cattle in commercial dairies will be tested first, starting Monday.

ANNUAL EVENT TO BE STAGED IN DECEMBER

Trades Trip Will Take Band and Drum Corps on Visit to Schools of County

SANTA IS COMING

Turkeys Will Be Given Citizens, and Treats Provided For All the Children

Canyon business houses will offer the greatest opportunity for Christmas shoppers that has been presented in Canyon in recent years.

W. A. Warren, president of the Chamber of Commerce, is developing plans, which have met the approval of merchants who have been in conference regarding the annual Christmas campaign.

The regular feature of cash distribution will be continued weekly up to Saturday, Dec. 19th, the final day of the campaign. However, an extra day will be given during December, with the added attraction of giving turkeys to the customers. The day for distributing the turkeys has not been determined, but will be announced soon. Those who participate in the weekly cash distribution will have the same opportunities in getting free turkeys as they have in the cash distribution.

Santa Claus is coming to Canyon this year, and will be on the streets on Dec. 19th. He will be provided with treats for the children. Santa is very anxious to meet all of the children of the county.

On Dec. 11th two or three groups of citizens will form trade trips to go to various sections of the county, and adjoining counties. The high school band will go on one trip and the drum corps on another trip. Business men and women are urged to join in making these trips. Schools in various sections of the county will be visited. Citizens of the county will be asked to come to Canyon to do their Christmas shopping.

Merchants will be asked by the Chamber of Commerce to contribute \$1.50 each to pay the extra expense for this Christmas campaign. The money will go to buy the turkeys which will be given away, and to provide treats for the children. This same amount was contributed last year by all business firms in Canyon.

Howard Trigg Is Again Engineer at Palo Duro Park

Howard Trigg has arrived here from Baltimore where he has been with the National Park Service for several months.

Texas Gas Law Is Under Fire in the U. S. Supreme Court

Senator Clint Small is back from Washington where he appeared before the Supreme Court last Wednesday to argue in favor of the gas conservation bill which he wrote and passed through the Texas legislature. Senator Small was selected by Attorney General Wm. McCraw to assist the state in defending this law.

Senator Small is not optimistic as to the verdict to be rendered next month. The court has been unfriendly to similar measures which have been brought before it during the past few months.

Sheriff and Mrs. Bob Barnett went to Austin Sunday, accompanying Lorene Allred who was taken to the hospital for insane.

Mr. and Mrs. G. A. Farlow were in Dallas last week attending the Centennial.

THANKSGIVING

Thanksgiving is here once more. The day of annual reckoning is at hand when all citizens should thumb through the pages of the past 365 days, and take into serious consideration the many, many blessings which have befallen them during this period of time.

As usual on Thanksgiving Day, the optimist, who is blessed with the ability of always looking on the cheerful side of life, will find plenty of things for which he may return thanks.

He can be truly thankful that during the past year this nation has hit a steady stride toward recovery, which will not be retarded, or interfered with during the coming year.

He will be thankful that business conditions have struck a definite trend of improvement. These improved conditions are not confined alone to the merchant and professional man, but have affected the greatest business in the nation—agriculture. He can be thankful that the thoughtful leaders of this nation are devoting their time and energy to a definite agricultural program that will conserve the soil of this nation, and protect the farmers from the competition of those nations which may produce more cheaply.

He may be thankful that the nation will not be disrupted for another four years with bitter political strife.

He will be thankful that unemployment has been reduced during the past year, and that the wheels

of industry are again turning faster and faster, absorbing many who have been unemployed in the past. He may be thankful that the nation's health conditions are at the very best; that no great plague has swept any section of the nation; that men and women have learned a lesson during the past four years that their health is more important than wealth, and they are now preserving their health.

He will be thankful in the realization that the American government has a big, warm heart for those who are less fortunate than the average of our citizens; that throughout the trying and difficult times no one was allowed to starve or freeze; that every citizen will soon be given an opportunity to make a living for himself and his family.

He will return thanks for an administration in this nation which is peace-loving, and that the chief executive is determined to keep peace for the people of this nation; that this nation shall take its place as the leader to preserve peace in a world which is infected with those who worship at the shrine of war.

Yes, the people of this nation have many things for which they may be thankful. The greatest of all is the thankfulness for the fact that they live in the United States of America.

Does a Red menace appear to be threatening in this nation? We have been hearing of this threat for several years, with the Reds just about ready to ascend upon Washington and take charge of the government. On Saturday a well-known Washington writer wrote at length of the appearing menace. According to his vision, several organizations were planning a mass attack upon American principles; that organized efforts were being made to assemble all of these factions into a united drive against an organized government. Possibly

back of this argument is the fact that it has happened in other nations, and may happen here. When the great flaming Red menace was sprung a few years ago, we almost hit for the storm cellar. It looked like a sure enough blow up of American institutions, to be usurped by a supreme dictator. Nothing happened. During the present campaign we heard the same thing was about to happen. But organized minorities were less in evidence this year than in any national election for many years. Who would be able to round up all the malcontents and form a Red movement? Certainly the rabble-rousers of the Union Party and the other parties were out of luck this year.

TIMES DON'T CHANGE, AFTER ALL

Dr. Rex Tugwell is out. Another of the original brain trusters has succumbed to the more practical advisers in the President's cabinet. Secretary of Agriculture Henry Wallace has gradually shoved Tugwell to one side, and finally kicked him into the discard. Tugwell had some big ideas regarding agriculture which were entirely impracticable, and for which he received nation-wide panning during the recent campaign. Republican orators turned the guns upon him and the schemes of men in the department. No one in the national administration was so abused by Panhandle people as was Tugwell

when it became known that either Tugwell or some one in his department was proposing that people in this section be moved to other lands. Regardless of the faults Dr. Tugwell may have, farmers should take into consideration that to him goes much of the honor of starting the soil conservation movement. This movement was approved by both the major political parties during the campaign. A safe, sound basis of the conservation of the lands in this nation will finally result. Tugwell may have been hay-wire about many things, but his reasoning was absolutely sound on soil conservation.

Tahoka News: A few editors in this section of the country are still raving because Texas is not paying every person over sixty-five years of age a monthly pension of \$30.00 per month. They are raving because the legislature at its most recent called session deliberated the pension law, which will result in many being cut off the pension list who have heretofore been approved for pensions. Of all men, we think editors should use common sense. To pay 200,000 aged people in Texas \$30 a month would require \$6,000,000 monthly, or \$72,000,000 annually. Where would we get the money? They say the federal government would furnish half of it. No it wouldn't. It wouldn't furnish one cent of it. It gave Texas to understand a few weeks ago that unless we deliberated our state pension law so as to cut down the number of pensioners it would cut Texas off the federal pension list. Where would Texas get the additional 72 million dollars every year? We should settle that question before we make plans to give it away. Yes, newspaper editors as a rule are very sensible and conservative, but there are a few who—well, we've said enough.

Both the Du Ponts and Father Coughlin have washed their hands of politics and have called it quits. The Du Ponts spent a good sized fortune sponsoring the Liberty League and other hate fomenting movements against the President. Coughlin poured out his wrath against the President and bragged that he could handle 10 million voters. The Du Ponts will now go back to their munition plants and other vast business connections to make more millions. The priest will retire to his parish to council with his immediate friends, rather than control a nation. It is a well known adage that few men are able to do more than one thing successfully, and that failure awaits those who step outside their own role.

Political writers from Austin maintain that either Governor Allred or Senator Connally will be given the appointment of federal judge. Should Allred accept such an appointment, Lieut. Governor

Walter Woodul would become Governor. This would probably change his future political plans, since he has announced his intention of becoming a candidate for Attorney General in two years. If Senator Connally receives the appointment, then Allred is expected to jump into the race to fill his place in the senate.

Lewis Goodrich, district attorney from Shamrock, has announced his candidacy for attorney general in 1938. He is the third candidate to enter the race. Lieut. Governor Walter Woodul announced some time ago that he would run; Gerald C. Mann, former secretary of state, announced recently that he was a candidate. It is stated that Walter C. Woodward of Coleman would likely make the race.

"THANKS A MILLION" FOR MORE THAN A MILLION

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of buyer preference it has ever enjoyed.

The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people.

And so again at this Thanksgiving season we say, "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry.

Consider, for a moment, all that you have done to inspire Chevrolet's appreciation during the past twelve months:

You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh time in the past ten years; you have given Chevrolet strong preference in every section of the

country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 205,000 commercial units; you have made 1936 the most successful year in all Chevrolet history.

And now, to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937.

It is difficult to express adequate appreciation for gifts so great and so generous as these.

All we can say is, "Thanks a million" for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer.

Landscape Artist Completes Project Here Last Week

Concrete And Gravel Walks, Trees And Shrubs Used

An extensive landscaping and beautification project on the grounds at Stafford and Cousins Halls and El Pueblo Cottages was completed last week by J. C. Tucker, Lubbock landscape artist.

The project, completed under the auspices of the college, represented an expenditure of approximately \$750. Improvements included the construction of concrete and gravel walks and planting of trees and shrubs on the grounds surrounding the dormitories and cottages.

Ninety-two trees were supplied from the College Farm Nursery, this number including 51 Chinese elms, 14 cottonwoods, 18 honey locusts, and 9 catalpas.

Lombardy poplars and red cedars were also included among the variety of plants used in the landscaping project.

Trees supplied from the College Farm came from the nursery maintained there by the State Highway Department. More than 1,000 trees are still available to the College from that source.

Concrete walks around Stafford Hall, new men's dormitory, together with the shrubs and trees set out as a part of the landscaping projects, have added greatly to the appearance of the buildings and grounds.

Similar landscaping work was carried on around Cousins Hall, while, in addition to the trees and shrubs planted on the grounds at El Pueblo, curving gravel walks bordered with native stone were laid out.

Calves Conclude 1936 Grid Season In Game Saturday

The W. T. Calves' 1936 football season was concluded last Thursday afternoon, when Co-Captain James Butler's charges galloped to a 12-0 victory over Co-Captain Velton Sogree's team in an intra-squad game.

This game marked the end of the first complete Training School football season in nine years. Three other games remained on the Calves 1936 schedule but were cancelled because of conflicting conference games.

The tightly-contested melee's initial score was chalked up early in the second half when James Butler passed over the goal line to Patterson. With one minute to go, "Bloody Bill" Curry plunged over from the five-yard stripe for the "Butlerites" last tally.

Captain Sogree and Pete Whitman turned in good performances for the losers, while Butler, Curry, and Mayfield were outstanding cogs in the winning machine.

Wayside Items

Rev. L. B. Lewis and wife closed their two weeks revival meeting which was well attended throughout the entire time. Over 100 were present at some of the weekly night services, and the number far exceeded this on Sunday. Visitors from several other churches attended services at different times. Several ministers were in the number. Rev. Stanfield, an evangelist singer, from Concordia, Kansas, came with Rev. Foster Sunday afternoon, and gave us several good numbers with his piano accompaniment. Rev. Lewis will begin a revival at Canyon the night of Nov. 25.

Ten members of Wayside's Work and Play Club met with Mrs. J. W. McCreery of Canyon on Nov. 19th in an all day meeting. There were 22 present, some being visitors from Canyon and Happy, but with the exception of one visitor, they had all at one time lived at Wayside. The dinner was something to be long remembered and talked about, while the table was a dream with its snowy damask and gleaming silver. The place favors and decorations were very unique and beautiful. The credit for those goes to the hostess' charming daughter, Osce. Games were enjoyed by all in the afternoon. Mrs. McCreery and her daughters made the day one long to be remembered by all present.

Mr. and Mrs. J. W. Legate and daughter, Ruth, and son, Woodrow, also Mr. and Mrs. Elmer Smith of Fullbright, Tex., visited with their son and brother, Albert Legate and family last week.

MRS. SIMON HAS REGULAR MEETING OF PARK CLUB

Ninety-four sponge cakes were baked this year by members of the Park Home Demonstration Club, according to the report made at the regular meeting of the club at the home of Mrs. Jean Simon last Thursday.

Plans were made for the Christmas party and the business of the year was brought to a close.

Present were Mrs. John Ladehoff, Mrs. O. W. Sherer, Mrs. A. C. Roddy, Mrs. A. H. Simon, Mrs. Mamie Sherer, Mrs. Charles Benton, Mrs. L. W. Winters, Mrs. John Coburn, Mrs. Charles Thurmon, Mrs. Frank Winters, Mrs. Owen Turpin, Mrs. James E. Park, and Mrs. Clarence Winters, visitor.

MR. AND MRS. MORGAN VISIT BAKER HOME

Mr. and Mrs. James N. Morgan of Fort Worth were recent visitors at the home of Mrs. Morgan's parents, Mr. and Mrs. J. C. Baker of 1907 Third Avenue.

Mrs. Morgan was formerly Ruth Baker who attended school here last year. She is attending the Baptist Seminary at Fort Worth where Mr. Morgan is preparing for the ministry.

The Morgans spend week-ends at Corsicana where Mr. Morgan is regular pastor of a church.

RALPH H. D. CLUB HAS ACHIEVEMENT PROGRAM

The first birthday of the Ralph Home Demonstration Club was celebrated in connection with the Pantry Achievement program, held at the home of Mrs. H. G. Persons, last Wednesday, Nov. 18.

Pioneer Women was the theme of the program, and hand-made pioneer dolls were presented each guest as they registered.

Group singing opened the afternoon's program, and Mrs. Lonnie Byars president, presided during the entertainment. Musical numbers, talks and group singing made up the remainder of the program, followed by reports from the secretary, Mrs. S. C. Gooch, and pantry demonstrator, Mrs. H. G. Persons.

The Zita Club was presented with a box of home-made candy for having the largest number of members present.

After a thorough inspection of the well filled pantry and lovely new home of the hostess, the guests gathered in the dining room where they were served from a table centered with a huge birthday cake holding one candle in keeping with the anniversary. Chicken salad sandwiches, mince meat tarts topped with whipped cream, coffee and mints were served to approximately 90 members and guests who were present.

MRS. CLARK ASH HAS WEST SIDE CLUB

Last Thursday afternoon Mrs. Clark Ash acted as hostess to the West Side Home Demonstration Club at her home in Umbarger. Mrs. W. C. Roberts gave a report on the luncheon that the club women served at the Hunter sale last week.

Plans were made for the achievement day program, and names were drawn for the annual Christmas party of the club.

After the business meeting a delicious dessert plate with coffee was served to the following: Mrs. W. C. Roberts, Mrs. J. A. Smith, Mrs. B. A. Burrus, Mrs. Pat Baber, Mrs. Joe Baber, Mrs. J. J. Wright, Mrs. Wm. Ash, Mrs. Ed Bourn, Mrs. John Hunter, Mrs. E. N. Zachry, Mrs. J. L. Slate, Mrs. Lena Tuck, Mrs. P. E. Saackhaus, Miss Kitty Burrus, and the hostess.

MRS. FRED MYE HAS BLUEBONNET CLUB

Needlework of various kinds was enjoyed by guests of Mrs. Fred Mye last Friday afternoon when she entertained the Bluebonnet Needle Club at her home 1110 Seventh Avenue.

Aprons were exchanged by the members, which created much excitement and pleasure. Names of members were prepared and drawn for the annual Christmas party of the Club.

The hostess served a refreshment plate of pumpkin pie with whipped cream, nuts, and coffee to Mrs. J. B. Morrisette, Mrs. W. H. Upchurch, Mrs. Jay Prichard, Mrs. Norval Dickerson, Mrs. J. D. Barker, Mrs. Tom Brasher, Mrs. Earl Craig, Mrs. George Small, Mrs. Guy Cole, Mrs. Levi Cole, and Mrs. James Cole as special guest.

Mrs. Henry Sears is visiting with friends and relatives in Canyon this week. She will join her husband at Monahans within a few days, where they will make their home.

PARK FOOD DEMONSTRATOR GIVES YEAR'S REPORT

The Park Home Demonstration Club held its achievement day program Monday, Nov. 9, at the home of Mrs. Charles Benton, at which time the farm food supply demonstrator gave her year's report on the standardization of an angel food and a sunshine cake, fourteen sponge cakes baked, and a good pantry.

Patriotic colors were used for house decorations and small bow flags were used for favors.

Group singing opened the meeting followed by reports of the demonstrators. Miss Lilly Larsen and a number of her pupils gave a very beautiful musical program. A guessing contest was held, with Mrs. Ziegler of the Zita Club receiving the prize of a beautifully decorated angel food cake.

Tea was served by Mrs. Owen Turpin and Mrs. James E. Park to the following guests and members who were present: Mrs. J. P. Upchurch, Mrs. D. C. McCormick, Mrs. Ziegler, Mrs. Bailey McCormick, and Mrs. E. A. Michael, all of the Zita Club; Mrs. Walter Lill and Miss Helen Lill, of Panhandle; Mrs. R. B. THE GOODMAN'S ENTERTAIN NIGHT CLUB MONDAY

The home of Mr. and Mrs. A. K. Goodman was the scene of a very attractive club party last Monday evening, Nov. 16, when they entertained members of the Tuesday Night Club.

Bridge table appointments were in keeping with the Thanksgiving motif.

Pumpkin pie and coffee were served at a late hour to Mr. and Mrs. Owen Williams, Mr. and Mrs. W. E. Miller, Mr. and Mrs. Warren Johnson, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Andy Walsh, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Harry Wood, Mr. and Mrs. Milton Morris, and the Goodmans.

BIBLE PROGRAM GIVEN FOR JUNIOR WOMEN

At the Monday afternoon meeting of the Junior Woman's Club, Mrs. L. Wirt gave an extremely interesting review on the Life of Saint Paul as taken from the New Testaments.

Following this Mrs. J. A. Edwards, Jr., gave a review of Baroness Shidzue-Ishimoto's "Facing Two Ways." The Baroness can be compared favorably in Japan with the Margaret Sanger of America. When but a young lady the Baroness came to America and studied under Miss Sanger, later returning to Japan to take up the unending work in her country.

The Federation report was given by Mrs. J. D. Barker.

THE GREAT AMERICAN HOME

1936

Three hundred fifteen years ago our forefathers sat down to the first Thanksgiving dinner. Down thru the years, after the reaping of the harvest, we have offered thanks that we have been guided safely through another year.

Today, after a decade of unnatural affluence followed by natural depression, wheels are turning again, men are working, new jobs have been created. Let us all join in offering thanks that once again we have been safely led out of the darkness, that we may once again see the light of prosperity in the near future.

Coming of Stormy Burleigh Grimes to Ranks of Big League Managers Augurs "Hot" Season for Umpires

BY PHILIP MARTIN

THE family almanac doesn't say so, but winter baseball gossip has it that National League umpires are going to find the atmosphere pretty hot during the 1937 season.

Reason? Burleigh Grimes, acknowledged to be the ablest of contemporary umpire baiters, is back in the circuit as manager of the Brooklyn Dodgers, after tossing around vitriolic epithets in the bush leagues for the last few years.

Statistics issued by the American Association, where Burleigh held sway last season as pilot of the Louisville club, indicate that he was banished from games 22 times during the 1936 campaign for back talk to the umpires or for "ungentlemanly" conduct.

But cold figures don't begin to do the man justice. One ejection was actuated by an incident which would have delighted Brooklyn fans.

Grimes and Fred Haney, former Detroit Tiger third sacker and now Toledo boss, carried their differences beyond the raspberry stage one Saturday afternoon and put on a good old-fashioned slugfest.

Burleigh won the decision, Haney suffered a spike-wounded face, and Louisville fans trooped back the following afternoon asking for more of the same.

CURIOSLY enough, the Louisville manager always seemed to fly off the handle on Saturday afternoon when a row could be depended on to swell the normal Sabbath crowd the next day.

Grimes might well be termed a successful failure in his stay in the Kentucky metropolis, for although his team finished seventh in the 1936 flag race, paid home attendance totaled more than 80,000, the most profitable season in years for the club. This is a fine tribute to his showmanship.

So despite the release of wise-cracking Casey Stengel as pilot of the Flatbush nine, the Dodgers should be every bit as interesting and aggressive as in days gone by. Grimes is just as colorful as Casey and a bit more pugnacious.

He will help carry on the traditional Brooklyn Dodger custom of stirring the fans to in-

tense rage, or causing them to roll in their seats with glee, even if he can't win a pennant for them.

TWO American professional ball clubs will go to New South Wales in 1938 to help Australia celebrate its 150th anniversary. . . . Head Football Coach Howard Jones of Southern California is a strict teetotaler

and has never touched liquor in any form. . . . Bill Harridge, whose daddy is the American League president, will be a candidate for a berth on Northwest-ern's freshman football team next fall. . . . A two-day course in the fine points of football is now required of San Francisco radio announcers before they are permitted to broadcast play-by-play acc'ts.

He's National Corn Husker No. 1

Speeding down the rows of an Ohio cornfield, Carl Carlson, 38-year-old Audubon, Ia., farmer, is shown here as he picked his way to the 13th national corn husking championship of America. Carlson, a brother of Elmer G. Carlson, last year's world champion, picked 1 75 pounds, or 21,039 bushels, of field corn in 80 minutes, to top the field of contestants from nine states.

Bufs Defeated For First Time In 1936 Season 19-0

Ravens Break In Third Quarter When Bufs Get Penalty

Capitalizing on a dynamic last quarter punch, the St. Benedict's Ravens knocked the West Texas Buffaloes from the select rank of the nation's undefeated teams by a 19-0 count in Atchison, Kansas, Saturday.

For three quarters the Buffaloes had pitched gallantly to withstand the Raven punches. Repeatedly, the defensive work of Captain Jackson, Walling, Hinger and Johnson stopped the heralded Raven ball-toters.

The break came in the third quarter when the Bufs were assessed a 15-yard penalty. On the next play, Fullback Neff slithered into the open field for a 38-yard pickup. He was halted from a 38-yard pickup on the 10-yard line. On the second play of the fourth quarter, Neff made the tally and then converted. The first Buffalo scoring chance came in the second quarter when Johnson took Watkins' pass, and chugged to the 21-yard line. Three incomplete passes and a line play ended the threat.

The other invasion presented itself in the third period when Quarterback Champion kicked 80 yards out of bounds on the one yard line. Weiffenbach's return kick was killed on the 22. Dow captured Watkins' short pass and ran to the 14. Three plays fizzled and Watkins stepped back for a field goal. Officials ruled that the kick was wide by inches.

It was the brilliant mechanical running of fullback Neff and the leadership of Captain Leo Deutsch that threw the huge Homecoming crowd into a frenzy in the last canto. The fans were disappointed to hear that gigantic Toby Waggoner would be unable to participate as they longed to compare him with their All-American bid, Leo Deutsch.

Weiffenbach counted the second tally in record time when he capped a series of short gains to cross the last chalk mark on a

jaunt from the 11-yard line. He was also responsible for the last score when he flipped a 30-yard pass to Leo Deutsch. Danaher followed with a 11-yard pickup, and then Weiffenbach circled end for the score.

Following F. R. to South America

Boarding the 10,000-ton cruiser Indianapolis, shown at top, President Roosevelt embarked from Charleston, S. C., for a 14,000-mile "good will" journey to South America, where he was scheduled to open the Inter-American peace conference in Buenos Aires, Dec. 1. Spreading his "Good Neighbor" policy, the president expected his trip to give impetus to an agreement which may have profound effect on world peace moves. Starting from Washington, the map traces the president's route via Trinidad and Rio de Janeiro to Buenos Aires.

Dionne Quins Thrive on Oatmeal

For many weeks every man, woman and child watched with tense interest to see what would happen to the Quins. The fate of these famous babies was a source of speculation and wonder. The Dominion of Canada, making their welfare a National obligation, put them in the care of a top-notch staff of child experts. The amazing result of this special care is that the Dionne Quintuplets are miraculous examples of the glowing health that science can give. Their diet is composed of things which do them good and which they like—such as oatmeal.

Oatmeal was given to these charming babies by the dieticians because oatmeal with milk contains an abundance of body-building minerals, muscle-building protein, energy-making carbohydrates, and Vitamin B for keeping fit.

Vitamin B is the best safeguard against those dangerous enemies of childhood—nervousness, constipation and poor appetite due to lack of that vitamin in the diet. Therefore the Quins thrive on Quaker Oats.

AFTERTHOUGHT

"Go swimming as often as you can and drink plenty of cold water," advises a doctor. But not, of course, at the same time.—Punch.

Beware The Cough

From a common cold

That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies, such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect, and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

Wal, we sure got the wool pulled over our eyes just by the flip of a copper; but we're sports and can take it. And them Eagles are gonna be champs in basketball this year.

What is this I hear about Joe Gill and D. A. Butler gonna be the outstanding guards for the football team next year? Well, here's to your success, boys.

To break the monotony of the fourth period study hall toter day, Coach Emil Hutto told us that Canyon beat Hereford 20-0. My! what a shock; but I was sure glad to hear it.

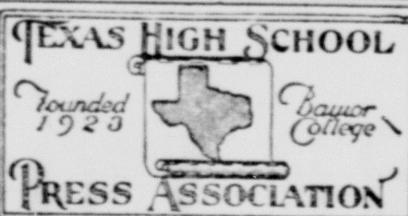

Man, but I was proud of the Junior Class when I heard "Bot" Rusk was elected football captain, and Fairy Hill co-captain for our 1937-38 team. After all, them Juniors are getting popular.

I sure hated to hear that our principal, Mr. John B. Pope, was unable to attend school toter morning; but I've been told that there was something said about castor oil. Anyway, he was at his duties that evening.

Here's good luck to the boys' and girls' basketball teams this year, and I hope we don't have to flip a coin to win them either.

Yours until Bulldog ceases to be popular with seventh grade girls.

A STANDARD RING WANTED

Canyon High School does not have a standard senior ring. Each year as a class graduates, it selects a ring different from the one the year before, so that now there are several different rings bearing the Canyon High School insignia. No one can tell that you are from Canyon High unless he examines the ring closely.

Let us, as students of Canyon High, co-operate in adopting a standard ring. If we can get the other four classes, omitting the seniors, to adopt the 1937 ring, we can establish the ring at least for five years, and it will possibly become a tradition.

Student Council Plans Work For Coming Year

FIRE DRILLS PLANNED; WILLARD CHILDERS IS ELECTED FIRE CHIEF; BILLY GREENFIELD TO MEET WITH ASSEMBLY COMMITTEE

Better assembly programs, standard rings, and fire drills were the main subjects for discussion in the Student Council meeting held at the home of the principal, Mr. John B. Pope, last Thursday evening, Nov. 19.

The Student Council has decided to mention to the different classes of the high school the fact that in previous years each graduating class has selected a different kind of senior ring, so that there is no standard Canyon High School ring. Each class will vote on adopting the 1937 ring.

Willard Childers was elected fire chief, and fire drills were discussed. The representatives from each class selected the captain and a monitor for each room in which their class has a majority.

Billy Greenfield was elected as a representative from the student council to meet with the assembly committee. She will place the ideas of the council before the committee for consideration. The council decided that each class or club should give an assembly program during the year and that Melvin Callahan, student council president, should preside over the assembly.

Basketball Boys Begin Practice

The Eagles basketball boys started practice on Wednesday, Nov. 18, under the supervision of Coach Milton Morris. Coach Morris has four lettermen and seven squadmen to build his team around this year. The lettermen are Ray Ford Rusk, Melvin Callahan, C. L. Drummond, and D. A. Butler. The squadmen are Eston Breittling, James Pope, J. D. Breittling, Mabry Vandergriff, Joe Gill, Forest Hill, and Jimmie Car. Jack Middleton is out for the first time and gives promise of making a good basketball player. The boys haven't been out long but they are already hitting the goal like veterans and are being drilled daily in the fundamentals of the game. Passing and running plays have been stressed so far in practice. Fans may expect to see a small, clicking team on the floor this year.

The schedule has not yet been announced, but the Eagles and Coach Morris plan to go to Dimmitt for a tournament Dec. 11-12. The Eagles won the tournament last year and are out to repeat this year.

BOOK REVIEW

Those who read or study the dictionary will be interested in "Picturesque Word Origins." The material for this book is taken from Webster's New International Dictionary.

Since very few students know this book is in the library, it should be a pleasure for them to look at the book at least, although they don't study it. While looking up words in English or other studies, students should really get acquainted with it.

Webster was a great orator and statesman, and was very much attached to books. He attended many schools, and received the very best of education before entering into the industrial world. It was his privilege to make himself well-known by starting the standard dictionary, and many numerous volumes of word books under different names.

This book takes many words and tells their histories, where they originated, and the other words derived from the given word. This makes the meaning very clear.

This book is in large print and is very easy to understand; for this reason I think every student should at some time or other take a look at this educational volume.

EAGLETTE SEXTET RECEIVES NEW SWEAT SUITS

The girls basketball team has received new sweat suits for the coming basketball season. Twelve purple suits with zippers for modern and easy wear are ready for the Eaglette sextet's next game. Hickman Discusses Girls' Health

"Health of Girls" was the subject discussed by Miss Helen Hickman, college nurse, at the regular meeting of the Home Ec. Club last Tuesday evening at 7:30 o'clock in the High School Auditorium.

The girls who were responsible for the program were Margaret Stewart, Beulah Brasuel, Edrie McNeil, Mildred Shuman, Marielle Oldham, Evelyn Cluck, Mary Bourn, and Hazel Sanders.

After the talk, the girls assembled in the Home Ec room where refreshments of hot tea, sandwiches, cookies, and mints were served.

Rusk Will Lead '37 Grid Squad

Ray Ford Rusk will lead the 1937 football squad, according to the results of a secret election held Tuesday morning, Nov. 17, by the 1936 football lettermen.

Three boys were nominated for captain of the 1937 grid machine. They were Joe Gill, Fairy Hill, and Rusk. Hill, a junior, was elected co-captain and will assist Rusk in leading the 1937 team.

"Bot" Rusk, a junior this year, started to school in Canyon in the first grade. He was graduated from the elementary school in 1933. He has been coming out for football for three years and has lettered one year in football and one in basketball.

"I hope the team will be a great success in 1937," he says. During the past season, he scored seven touchdowns and one safety for the Eagles.

Co-captain Hill is a one-year letterman for the Eagles. He has proved himself a capable player and a dependable leader by his good work the past season. Hill made the longest run of the season, 96 yards for a touchdown, when Canyon met Hereford on Armistice Day.

Lettermen from the 1936 squad, announced and introduced in assembly Wednesday afternoon, Nov. 18, are "Bot" Rusk, "Luke Miller, Fairy Hill, C. L. Drummond, Jack Middleton, D. A. Butler, Merbert Mariner, Joe Gill, Melvin Callahan, James Pope, Forest Hill, Herschel Burrus, "Dodo" Brasuel, and Jimmie Carr.

Miller Appoints Self, Leader

Who says that girls can make more noise than boys?

The boys have a pep squad. Have you seen that boys' pep squad with its vociferous leader?

Luke Miller appointed himself pepper leader to yell at the girls' basketball games and worked up a stunt for the half. The boy peppers marched out on the floor in the basketball gym and formed a big C, bending down to give the colorful effect to the audience.

Colorful effect was right; the boys had on every kind of shirt, from Higdon's red, to Miller's black and white. The crowd gave the peppers a big hand and they marched off in an "every man for himself" style.

From now on, look out, you Purple Peppers! You're in for plenty of competition.

CLASSES ARE DISMISSED FOR HOLIDAYS

Classes were dismissed Wednesday afternoon for the Thanksgiving holidays, to be resumed again Monday morning at the regular time. Several of the faculty are attending the State Teachers Convention in Fort Worth, while others are spending the holidays visiting their homes or with friends.

BLACK ENTERTAINS CHORUS WEDNESDAY NIGHT

The seventh grade chorus was entertained with a party by Miss Gwendolyn Black, their sponsor, last Wednesday evening.

The guests played games and sang songs.

Refreshments of punch, cookies, and candy were served to twenty-four members of the chorus, and to Mr. Emil Hutto, Mr. Gerald Brown, Miss Ruth Greenfield, and Miss Black.

Mary Horn, a junior in Canyon High School, and Lawrence Moore, a freshman in Happy High School, had dinner at the home of the latter's sister, Mrs. Travis Dunlop, in Amarillo Sunday evening.

Miss Mattie Jordan spent the week end at the home of her parents, Mr. and Mrs. C. G. Jordan, at Tulla.

Mary Ellen and Helen Hurst spent the week end visiting in Hereford.

EDITORIAL

Once more we come to the harvest season, when we remember the blessings of the past year. The United States is unique in that it officially designates a day of Thanksgiving.

Thanksgiving was originated in America in the seventeenth century by Governor Bradford of Massachusetts. On this first Thanksgiving Day, the Pilgrims thanked God that they had had a successful year and were well established in America.

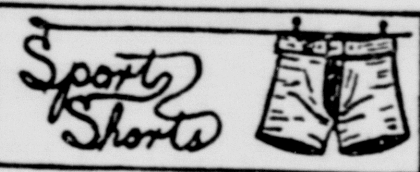

This great day has been celebrated year after year, as a time when pumpkins are ripe and the harvesting is done, to celebrate the fact that we have had a successful year and to give thanks for it.

We may say, "What have we to give thanks for?" The answer to this is "Why shouldn't we give thanks for what we have?"

We should not only enjoy Thanksgiving because of the good things we have to eat, such as turkey, pumpkin pie, and cranberries, but we should also enjoy it because of the good spirit that goes with it.

Are you thankful for all the opportunities which you have in school? Canyon High School is fortunate in having a good superintendent, a good principal, and a good faculty. We have a splendid library which we are proud of and should be thankful for. Have you considered the changes which have been made in the curriculum during the past two years, and are you thankful that we as citizens of this school are helping to make it better? America is doing many things for the youth of today for which we are thankful.

We should all be thankful all of the time, but especially on this Thanksgiving day.

The Eagle basketball team started working out last Wednesday a week ago as soon as they lost the section on the flip of a coin. Prospects of a winning team are good, according to Coach Milton Morris. With a nucleus of four lettermen, and about seven squadmen of last year, a winning combination should be worked out.

A somewhat tougher schedule is being worked out for the Eagles than they had last year. The Eagles will go to Dimmitt to a tournament, Dec. 11-12.

Coach Hutto is teasing Joe Gill and D. A. Butler about what a good pair of guards they will make in football next year. Neither one wants to play guard; in fact, they don't like guard. Of course Coach doesn't know this or he wouldn't tease them.

The boys have started fists flying again in the gym at noon. Even "Dodo" Brasuel had the gloves on last Monday.

The C-Club has pledged its support to the boys' and girls' basketball teams. They are lettermen of C. H. S. and will back the Eagles anywhere and everywhere.

Grades Start New Projects

Last Tuesday afternoon the first grade, under the supervision of Mrs. T. V. Collins, visited the Amarillo Central Fire Department. Members of the fire went through their fire drill for the children. Mr. John Hunter, Mr. B. A. Burrus, Mrs. Carl Scott, and Mrs. Zachry took the children to Amarillo. The first grade has studied the fire department and the police department and are now studying the bakery.

The third grade, under the supervision of Miss Ruth Greenfield, is studying "Travel by Water."

The fourth grade is now making Christmas gifts.

Grade Five A, under the supervision of Miss Annie Ruth Eastus, gave a program of the Crusades on their completion of the study of the Crusades.

The sixth grade is studying Egypt and is making mummy cases.

THOUGHT OF THE WEEK

The fellow who is always killing a little time may find someday that he has been MURDERING GOOD OPPORTUNITIES.

Mavis Harden spent Sunday with Hazel Benton, former student of Canyon High School, at Kress.

Sarah Thompson had Natalie Flesher and Martha Jo Newlin as her guests for luncheon Sunday.

Miss Pauline Crittenden, teacher of journalism, English and typing in high school, left Tuesday evening to spend the holidays in Denton and McKinney.

Billy Greenfield spent Saturday in Amarillo.

Graham Talks To P. T. A.

"Efficiency" was the topic discussed by Miss Edna Graham, of the college faculty, Monday evening, Nov. 23, at 7:30 o'clock at the Parent-Teacher meeting.

Mrs. Dan Sanders, president, presided over the business meeting and introduced Mrs. John B. Pope, who gave the devotional.

A two-dollar prize was given to the grade school and the high school rooms having the most parents present.

The Canyon High School Band, under the direction of Mr. R. G. Stephenson, ended the program by playing several numbers.

Eaglettes Drop Title to Tulla

Both first and second string basketballers for the Eaglettes went down in defeat to the Tulla Hornets, two smooth-working experienced teams, at the latter's home court last Saturday night.

The starting of the Eaglettes' main string in the first game favored them as they clicked into smooth passing and perfect plays until the second quarter, when they failed to click. Captain Collins for the Eaglettes proved herself a help to the team as center, tying with Bellah for high scoring honors for the Eaglettes, with five points. In the captain's place as guard, Wanda Brock did splendid defensive playing. The outstanding work for the Eaglettes was done by Natalie Flesher, who played a bang-up game.

The second stringers seemed lost as they met the second team from Tulla, not doing themselves justice as they have shown they can do in scrimmage at home.

Scoring for the first game totaled 10 to 20 for the Hornets. The second game gave 26 points to Tulla and 14 to Canyon.

Those seeing service in the first loss for the Eaglettes were Captain Mary Collins, Kate Donnell, Renna Beth Bellah, Wanda Brock, Natalie Flesher, Mavis Harden, Edrie McNeil, Billy Greenfield, Dell Bagley, and Mary Jo Avent.

Players for the second game were Anna Ruth Schmitz, Sunshine Harden, Carolyn Mayfield, Billy Greenfield, Dell Bagley, Mary Jo Avent, Edrie McNeil, Raynell Rigby, Mary Katherine Wirt, and Mary Bourn.

Moore Sponsors Dramatic Club

"Curtain Callers" and "Stagecrafters" are the suggested names for the Dramatics Club, which held its first meeting last Tuesday morning. The club is sponsored by Mr. H. G. Moore, teacher of speech. It is to meet every other Tuesday evening.

There are no restrictions as to members, as it is an all-high school club; but there will probably be small dues later.

The objectives of the club are to practice speech activities, to entertain, and study different forms of dramatic enterprises, such as lighting, scenery, make-up, and one-act plays.

It is the hope of the members that the club will be a permanent one, and keep the name which is selected this year.

Mr. Moore states that he wants every member to take an active part in the club and that it is to be a "clearing house" for all speech activities.

Classes Assemble Wednesday

Class meetings were held by all the classes after assembly Wednesday afternoon, Nov. 18.

The freshman class decided on a Christmas party at Mrs. Hunter's who is their room mother.

The sophomore class planned a theater party, with the girls taking the boys.

The junior class voted to sponsor a show and play, the money to go for the junior and senior banquet. Several committees were appointed by the president.

The senior class received the print for their rings, and sent off the order early this week.

Mr. Gerald Brown, teacher of history and civics in high school, and girls' basketball coach, spent Saturday in Amarillo.

Aleene Gilmore, of Ft. Worth is spending the week in the home of her aunt, Mrs. T. W. Collins, first grade teacher.

Harris Elected President of C. Club

Tom Harris, senior, and a two-year letterman in basketball and one in football, was elected president of the C-Club last Thursday evening at first meeting of the year.

This is the first year since 1932 that Canyon High School has had a C-Club. Formerly the boys were the only ones eligible to belong to the club. This year any boy or girl that lettered in football or basketball is eligible to be a member.

Jack Middleton, captain of the Eagles this year and a two-year letterman in football and one year in track, is vice-president.

Billy Greenfield, senior, who lettered one year as guard, was elected secretary-treasurer and reporter for the club.

Coaches Hutto and Brown were elected sponsors by acclamation.

The next meeting will be a social and an initiation for the boys who lettered in football this year who have never lettered before.

The club is charging each member twenty-five cents dues a semester. There will be approximately thirty members in the club this year.

Ritchie Discusses Visit To Orient

"Nothing I saw in the Orient was anything at all like anything I had ever seen before," said Miss Jennie C. Ritchie, of the College Training School, when she spoke on her around-the-world tour to the student body Monday morning in assembly.

Among other facts about India, Miss Ritchie mentioned that the richest man in the world lives there. People think that bathing in the Ganges River will save them. Some religious groups bury their dead by putting the bodies on small towers and letting vultures pick the flesh from the bones, which are then dropped in a lime pit.

"I saw four men working a common sized lawn mower," said Miss Ritchie. "Two were pulling it, one working the handle, and one carrying grass." One small child could have run the mower, but the reason for this was to create some employment for each one, she said.

At the beginning of her talk, Miss Ritchie had two boys dressed in costumes representing the various classes in India. Mrs. Tommie Montfort designed the costumes. Miss Ritchie stressed the strong caste prejudice in India, which Ghandi, the missionaries, and other enlightened inhabitants of India are trying to destroy.

Rotary Club Has Discussion of Dam Project Tuesday

The program of the Rotary Club Tuesday was largely devoted to the proposed dam on the Tierra Blanca south of UMBARGER.

W. A. Warren introduced Guy Saunders, Carl Hinton and Mason King, all of Amarillo, who are interested in the project.

Mr. Hinton has spent much time in Washington working on various projects, and believes that the necessary steps have been made in getting the survey under way. He believes that President Roosevelt will announce a program to Congress in January of conservation of water and establishment of recreation centers where people may enjoy their leisure time. Engineers are making studies over the nation of available sites for dams under the head of conservation.

A. A. Meredith, head of WPA in Amarillo, offered all of the assistance possible.

Dr. R. Thomsen announced the coming to Amarillo of Dr. Tom Lambie, brother of C. S. Lambie, who has returned from Ethiopia where he spent several years. He will give a lecture on Dec. 2 from first hand information.

Visitors present were: Dr. Thomsen, Guy Saunders, F. A. Zimpfer, A. A. Meredith, Mason King, Carl Hinton, all of Amarillo. Allen Bell of San Antonio.

Coach Al Baggett was given a hearty applause for the success of the football season which closed Saturday with the Buffs losing only one game.

Annual TB Test

(Continued from first page)

free of tuberculosis for the past several years, thanks to the untiring efforts of the Randall County Dairymen's Association. This organization of milk producers has worked hard to make the "Grade A" on a milk bottle in Canyon or Amarillo mean more than a sim-

ilar grade in any other part of the country.

It is hoped that the present check test will not reveal any T. B. even in cows not owned by association members and not tested regularly.

Graduate Work

(Continued from first page)

America, both for the master's degree and for research and study leading to the doctor's degree.

"We further approve your suggestion that the A. & M. College be left free to develop a program of graduate instruction in its technical fields."

Dr. J. A. Hill and Dean R. P. Jarrett represented W. T. in this conference. W. T. was among the first of the teachers colleges to offer graduate work, and this work has increased annually. All phases of graduate work offered here will be continued, but according to the agreement, no expansion will be attempted in the immediate future.

Conflab on Dam

ment cannot undertake any project which may not be finished during the fiscal year, ending June 30. It was proposed that a detailed study be made of the soil, cost of the dam, and other features which Mr. Gohmert was unable to consider in the short time he has had to make the survey.

Owing to the fact that citizens of Deaf Smith county are vitally interested in the project, it is planned to have a meeting in Hereford in the near future. Other counties interested will be asked to join in pushing this project.

Mason King of Amarillo was of the opinion that the co-operation of all citizens in this section could be secured since the government is interested in stopping flood waters at its source, and that recreational centers were so badly needed.

W. A. Warren, president of the Chamber of Commerce, Judge Burney Slack, G. B. Heath and other citizens are working on the preliminary plan to get the dam project under way.

Last Call Made On Split Taxes By the Collector

Just a few days remain for citizens to take advantage of the split tax system, states Collector Bob Barnett. The first payment must be made by Monday, Nov. 30, if the property owner is to take advantage of the split payment plan. The second payment will be due on June 30th for those using the split payment plan.

\$25,000 For W. T.

(Continued from page one) until after his death. The money will be of great use to W. T., states President J. A. Hill. All of the loan funds have been exhausted for some time owing to the usually heavy demands during the past few years.

Conservation

(Continued from page one) lands, but are unable to prevent damage resulting from erosion on other lands. This makes the soil erosion problem of vital, direct concern to every person in the great plains area.

What, then can be done to control or minimize the damage from wind in dry seasons?

A discussion of this question will be continued in an early issue of the News.

Mr. and Mrs. L. D. Helzer of Amarillo visited Friday with S. H. Helzer.

Says She's Lady Husker No. 1

Claiming the feminine corn-husking championship, Loretta Hausman, pretty Kent State University co-ed from Painesville, O., stands ready to meet all challengers for the title. Miss Hausman, president of her 4-H club, was a bit chagrined, she said, because the recent national husking contest was open to men only.
